

Media Literacy Class

Storybird Digital Storybook Project

- Go to Storybird.com
- Login with the cards given - change your password to your ID# please
- Review some complete and featured storybirds to get a feel for the product possibilities
- go to STUDIO and then Assignments - Select the Assignment there for you and click DO to access the art
- Review the artists - click to see the choices to consider more choices
- See story starters ideas handout
- select an illustrator whose work you like and think you might create a story around
- Think about your storymap - and the direction you might take your story - outline it on the storymap offered
- Remember to include Who, What, When, Where, - details, adjectives, create a picture for the reader
- Add the pages, then drag in the images - brainstorm first to get story ideas
- Remember, on the TITLE page remember your FIRST name only
- connect the story and sequence -see rubric for requirements
- save often, then save and close and LOGOUT under YOU in the upper left corner when you are done with your drafts
- "jump" back in to edit and revise - Take your sentences to the next level by improving your vocabulary and word choices
- Use a peer review meeting/card to get ideas on improving your story
- edit until it is perfect
- review with Ms. Karen
- Publish
- Self assess with rubric and Ms. Karen

We will embed your story online and print you out a color copy to share!
